

Treasury Department,

BUREAU OF THE MINT,

Washington, D. C., — May 22, 1890. 189

The Superintendent, U. S. Mint,

Philadelphia, Pa.

Sir:

I return herewith the sketch of the reverse of the medal to be struck to the Director of the Mint.

If it is possible I would like the words "Director of the Mint" on one line or two, that is, by itself; and the appointments in the bureau ^{and} as Director to be a little more distinctly brought out.

I have no other criticism to make, and these I leave entirely to the engraver. If it cannot be done without spoiling the very pretty ornamental design which he has prepared it can stand as it is.

Please thank him for his kindness and say that it is not necessary to send another sketch.

Very respectfully,

Director.
